

IRONING LINE REF. BFX95

BLU STIR

Iron with copper boiler

Small steam generator with 1.5 liter boiler equipped with a professional Bieffe iron, available in various colors. It allows ironing for over an hour with the only one water refilling. With BLU STIR you will not have any problem of limestone because the external heating element is not in contact with water.

This characteristic makes the iron durable in time, up to 30 or more years. It also allows you to have electricity bill saving of approx. 50€/a year thanks to low consumption. Perfect for home use and also suitable for professional use.

TECHNICAL DATA

POWER	220-230V 50-60V
BOILER CAPACITY	1,5 lt
BOILER POWER	900W
STEAM PRESSURE	3 bar
ELECTRIC IRON POWER	850W
BOILER REFILLING SYSTEM	MANUAL
DIMENSIONS	24,5x36,5x18,5 cm
WEIGHT	6 kg

Simple Teflon Shoe F/Bieffe/Tulipano 1,5 kg

AR8P

Armoured teflon shoe F/Bieffe 1,5 kg

AR8S

Bordered teflon shoe F/Bieffe/Tulipano 1,5 kg

EFFICIENCY, SAFETY and NOTES

- ✓ RELIABILITY AND SAFETY are guaranteed by a COPPER BOILER. Copper is an explosion-proof and antiscaling material. The HEATERS are placed externally, so they NEVER come into contact with water.
- ✓ 1 KW power creates a steam flow equal to 1,2 kg/h (20 g/min). The efficiency of steam is proportional to its flow, not to its pressure. There is no point in having high pressure and a low flow.
- ✓ The whole production is based in Italy, in our plant in Pesaro.

SPARE PARTS AND SERVICE

BIEFFE guarantees the shipping of spare parts, accessories in very short times. Our efficient help line is available for service and assistance.
