INTELLIGENT TECHNOLOGY

HIGH-TECH FEATURES TO EXPAND YOUR CAPABILITIES!

THINK BIG, STITCH BIGGER

THE PERFECT EMBROIDERY MACHINE FOR ENTREPRENEURS WHO WANT TO MAXIMIZE THEIR POTENTIAL

Go above and beyond with our extra-wide SWD-10S embroidery machine. With the largest embroidery area in the industry, this 15-needle commercial embroidery machine is perfect for embroidery on large items like jackets, duffle bags, and tablecloths as well as regular items like polos and caps. This allows you to effortlessly transition from embroidering grand designs on sizable surfaces to intricate detailing on smaller pieces. From bold statements to delicate accents, the SWD-10S empowers you to cater to a diverse range of products for your business with impeccable precision and stunning results.

Equipped with its groundbreaking **Simplexity** technology, made possible by the **latest 10.1-inch control panel**, the SWD-10S is specially designed to make machine embroidery incredibly simple and easy to learn.

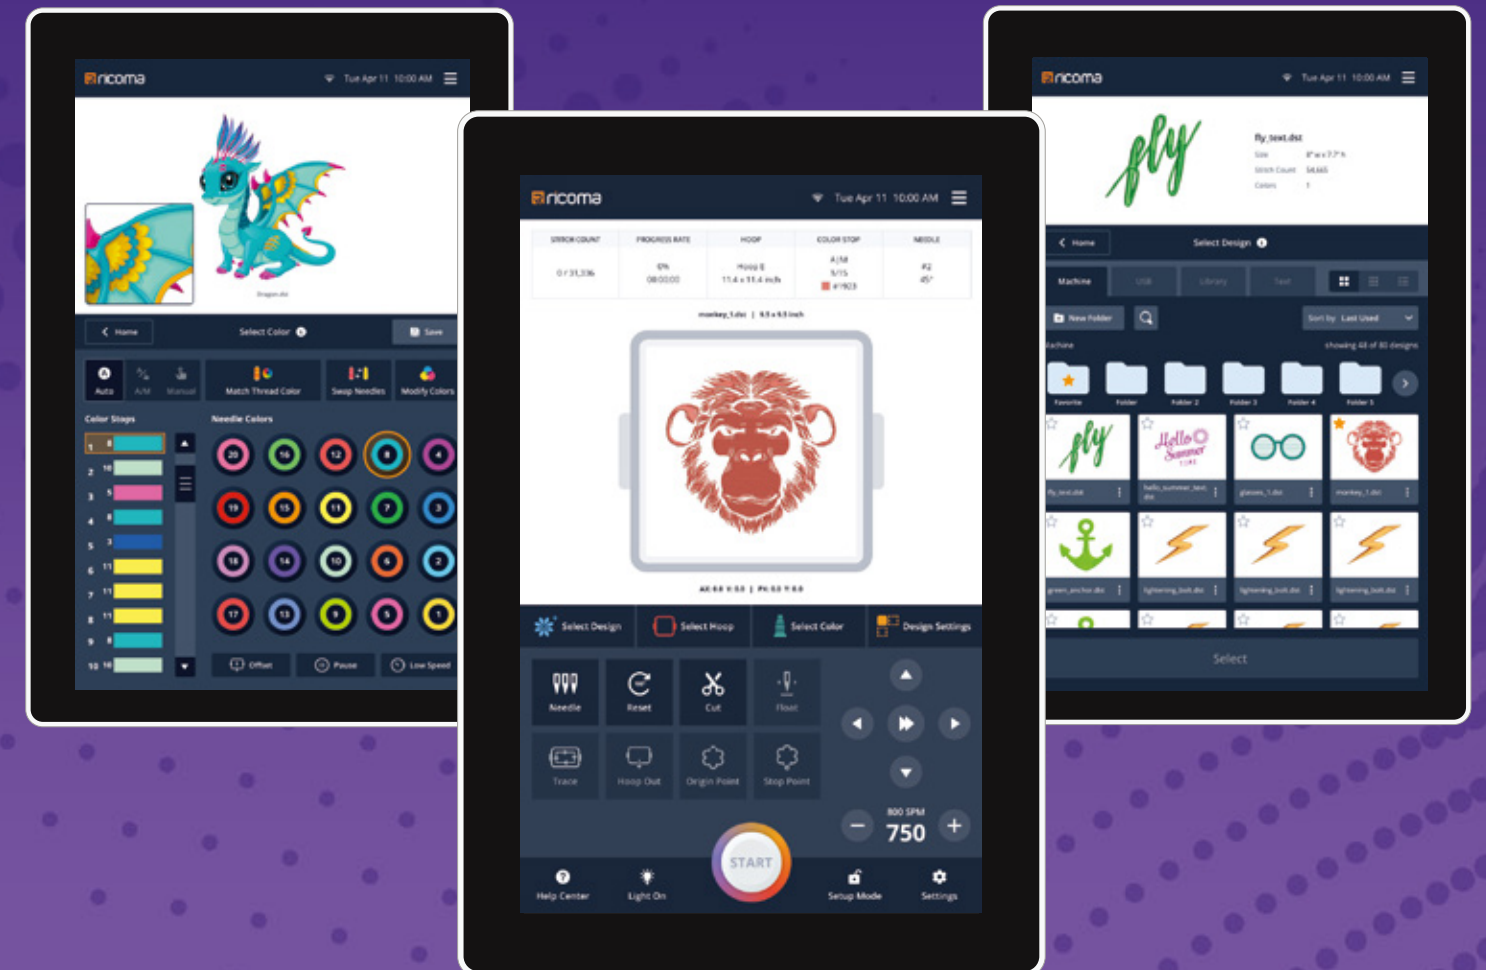

Simplexity TECHNOLOGY

INTRODUCING THE NEWEST 10.1-INCH TOUCHSCREEN PANEL

The 10S model boasts an impressive 10.1-inch touchscreen panel that is intuitive and user-friendly. You'll enjoy the convenience of its **simple user interface** which makes it incredibly easy to navigate the machine's numerous functions and tools.

Powered by its innovative **Simplexity** technology, the 10S panel has a built-in **Tool Tips function** and a **help center** to provide an explanation of the selected option on the screen. Knowing what a specific tool does is an excellent way to quickly learn about your machine's capabilities, prevent user errors, and create an efficient workflow.

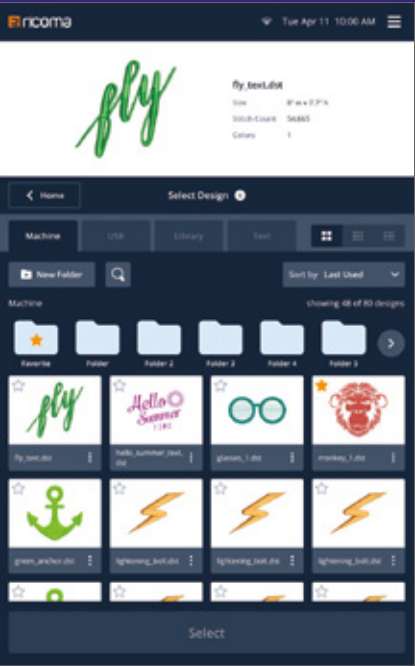

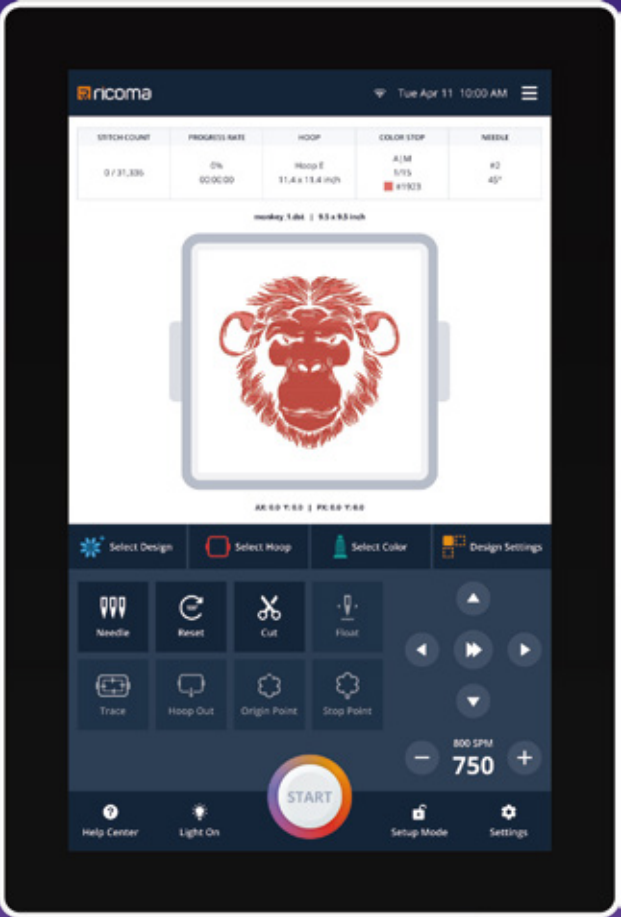

Additionally, the new **maintenance alert feature** does the thinking for you to remind you when basic maintenance needs to be done on your machine to reduce the learning curve and help your machine run smoothly.

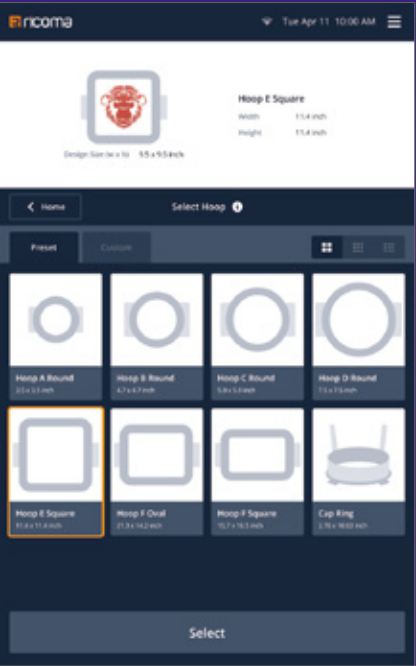

PANEL FEATURES

TECHNICAL SPECIFICATIONS

- Large memory capacity: 100 million stitches or 1000 designs with a maximum of 1000 automatic color changes
- Machine reads multiple design formats such as DST, DSB, TBF and more

HOOPS & CAP ATTACHMENTS

A RANGE OF HOOP SIZES AND SASH FRAMES TO KICKSTART ANY EMBROIDERY SHOP

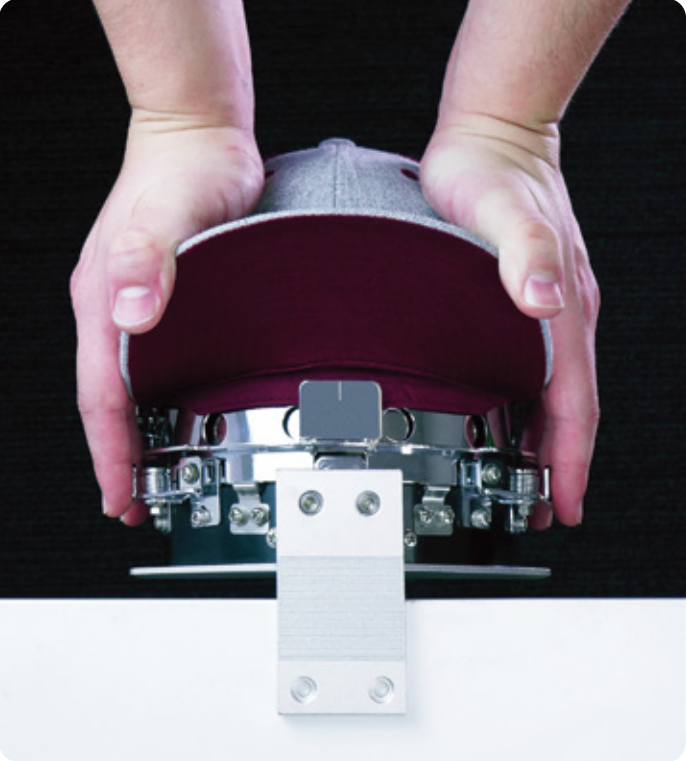

The SWD-10S comes with everything you need to embroider just about any item so that you can take on a range of projects. Each machine includes a variety of hoop sizes for embroidering small designs like left-chest logos and large designs on bags, towels and more.

	x2	90 x 90 mm (3.5 x 3.5 in)
	x2	120 x 120 mm (4.7 x 4.7 in)
	x2	150 x 150 mm (5.9 x 5.9 in)
	x2	190 x 190 mm (7.5 x 7.5 in)
	x2	290 x 290 mm (11.4 x 11.4 in)
	x1	540 x 360 mm (21.3 x 14.2 in)

CAP ATTACHMENTS INCLUDED

With the included cap attachments, you can embroider a variety of cap styles. Each SWD-10S machine comes with a hoop station, cap rings and cap driver(s) for all of your cap embroidery needs.

	x2	Cap rings snap into the hoop station to prepare the machine for cap embroidery
	x1	Hoop station provides stability for fast and easy cap hooping
	x1	Cap driver snaps into the embroidery machine's bracket holder for hoops

EXTENDED EMBROIDERY AREA

MAXIMIZE YOUR EMBROIDERY AREA TO CREATE LARGE, DETAILED DESIGNS WITH EASE

The extended table is perfect for embroidery on oversized items such as drapery, blankets, banners, mattress borders, wedding dresses, quilt covers and much more. The additional space will help you expand your embroidery shop and attract new customers.

Frame Models	Embroidery Area
EW-4820	1230 x 520 mm (48.4 x 20.5 in) *Optional
W-3220	830 x 520 mm (32.7 x 20.5 in) *Included

Sash frame for single-head extended table

OPTIONAL ADD-ONS

BROADEN YOUR POSSIBILITIES WITH THESE AFFORDABLE AND EASY-TO-USE ADD-ONS!

These attachments make hooping and adding embroidery effects a breeze. Embellish your designs with sequins, boring or cording, or use specialty hoops to gain more control over your embroidery projects.

DEVICES

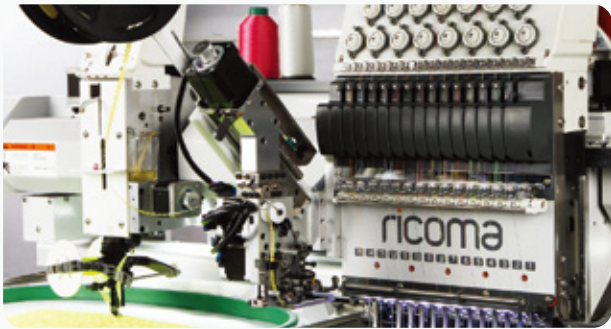

Sequin Device (SQ-E)
Attach the optional sequin device to your embroidery machine to add a pop of sparkle to your designs.

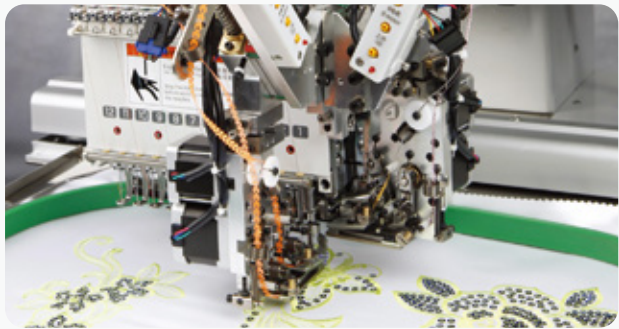

Cording Device (CD-E)
Easily create an embroidery effect with the cording device, which lays a cord of fabric and attaches the cord with transparent zigzag stitches.

Laser Cutting Device
High-powered laser beam cleanly cuts a specific design on materials such as patches, labels, and many other fabric decorations. All these items can be achieved with high precision and speed.

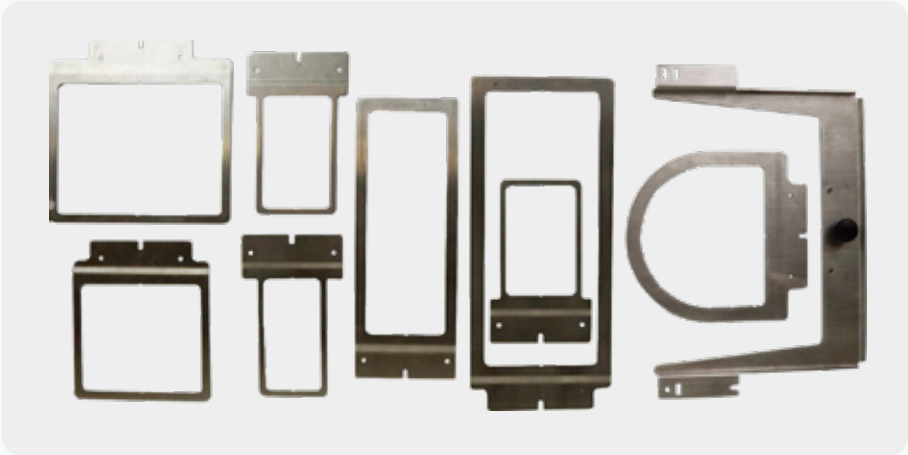

Twin Sequin Device (2SQ-E)
Double your sequin capabilities with double the color and coil by using the optional twin sequin device.

Double Twin Sequin Device (4SQ-E)
Create up to 4 colors and coils at a time with the double twin sequin device.

**For a list of all compatible devices, contact a product specialist.*

ACCESSORIES

8-in-1 Hoopset (8D-2)
Includes 8 frames that make embroidering easier than ever before. It's designed for hard-to-hoop items such as shirt pockets, socks, backs of caps, shirt sleeves, collar tips and more.

Belt Hoop (BH-2)
With an 8-inch x 4-inch embroidery area, the belt hoop provides ample room for embroidery on belts and straps.

Mighty Hoop Magnetic Hoops
This magnetic hoop is popular among professional embroiderers because it makes hooping any type of flat garment easier than ever.

Boring Needle
This specifically designed needle creates intricate embroidery by piercing the fabric, cutting it into various shapes, and leaving holes in the item.

Robot Frame (RF-M)
Firmly clamp and embroider difficult-to-hoop items like shoes, purses, bags and more with the robot frame.

Laser Positioning Device (LD)
This easy-to-install tracing tool lets you quickly determine if the design is within the hoop range.

**For a list of all compatible devices, contact a product specialist.*

EMBROIDER A VARIETY OF ITEMS

Embroider polo shirts, jackets, backpacks, caps and more at high speeds of up to 1,000 stitches per minute with the versatile SWD-10S.
